**GIVE PEOPLE WITH DISABILITIES AND SENIORS A  
VOICE, GIVE FAMILIES A CHOICE!**

Supported Decision Making (SDM) is another option to guardianship or conservatorship that gives individuals with disabilities and seniors the right to make their own decisions with the support of trusted friends, direct support professionals, and/or family members they choose. It's what we all do!

*30 states have recognized Supported Decision Making in their laws... but Connecticut is not one of them!*

The time has come for Connecticut lawmakers to respect and protect the civil rights of people with disabilities and seniors and pass legislation that recognizes Supported Decision-Making agreements in statute.

**Please enter your name and the town you live in. We will use this to inform legislators of the need and the broad support for Supported Decision Making in our state.**
